California Closets - Exhibit H

DOCUMENTED COSTS AND RESERVED CLAIMS

This exhibit summarizes costs documented to date in connection with the California Closets installation at the subject property and identifies claims that are reserved and not yet quantified.

PAYMENTS & DISPUTED BALANCE

Collection efforts and payment requests continued while corrective work remained incomplete.

Category	Amount
Contract Value	$23,510.00
Paid to Date	$13,965.00
Balance Requested by the Company (Disputed)	$9,545.00

The Company has demanded the $9,545.00 balance. The Customer disputes that balance. It is excluded from all totals below.

THIRD-PARTY INSPECTION & COMPLIANCE COSTS

Third-party electrical assessment, letter, and DOB permit and inspection costs are documented in Rella Electric Quote #3497, sent May 18, 2026 and accepted May 25, 2026. The quote lists the letter, permit, and inspection as one combined service; it does not allocate separate prices to those components.

Category	Amount / status
Electrician letter, DOB permit, and inspection (Rella Electric Quote #3497, May 18, 2026) - Subtotal	$1,430.06
NYS tax (8.875%)	$126.92
Quote total	$1,556.98
DOB permit extension and reinspection	To be incurred; written quote pending

Record Ref. H1 - Rella Electric Quote #3497 (phone numbers redacted).

Record Ref. H2 - Proof of payment (pending).

Proof of payment is pending; the accepted quote is not a receipt. No separate assessment charge or future permit extension and reinspection fees are added to the $1,556.98 quote.

RESERVED CLAIM: DELAYED RENTAL READINESS (ESTIMATE AS OF NOVEMBER 10, 2026)

The Customer intended to begin renting the unit in January 2026. The unit has been held out of the rental market pending removal and DOB reinspection. This estimate is a reserved claim, is not included in the documented costs above, and will be itemized separately.

Comparable furnished units in the building with city views, approximately 549 sq ft, rent at approximately $6,650 per month. The subject unit is approximately 412 sq ft with Central Park and Billionaire's Row views, which generally command higher rents than city views. The estimate uses the $6,650 rate of the larger city-view units and adds no view premium.

Unit comparison	Size / monthly rental value
Comparable furnished unit (city view)	549 sq ft; $6,650/mo
Subject furnished unit (Central Park and Billionaire's Row views)	412 sq ft; $6,650/mo (estimated)

Record Ref. H3 - Comparable rental records (pending).

Supporting comparable unit identifiers, listing or lease dates, actual rents, furnishing details, and source records remain to be supplied. Dated records supporting the intended January 2026 rental start are also pending.

Reserved estimate metric	Value
Estimated Monthly Rental Value	$6,650
Intended Start	January 2026
Period through October 31, 2026	10 full months (January-October)
Estimated Rental Value to Date	$66,500 and continuing

The estimate is $6,650 × 10 full months = $66,500 through October 31, 2026, stated as of November 10, 2026. November accrual is not included in that figure.

ANTICIPATED RESTORATION & REMEDIATION

Because the Company's Sales Manager concluded, following an on-site review, that certain conditions could not be addressed without removal, additional restoration and remedial work is anticipated following removal activities. The scope and cost remain subject to a written removal and restoration estimate and evaluation of the affected surfaces.

1. Drywall repair

2. Patching and sanding

3. Repainting of affected surfaces

4. Finish restoration

Additional corrective work will be specified from the written estimate. No amount for removal, restoration, or remediation is included in documented costs to date.
